Best Lawyers is rightly regarded as one of the most prestigious ratings worldwide. The rating is based on an extensive peer-to-peer survey. In this survey, only lawyers are asked about the reputation of their competitors. The aim is to name colleagues outside the firm. The interviewee is asked to make recommendations in the hypothetical case that he himself cannot take on a mandate due to time constraints or the case due to a conflict of interest.

The result is a comprehensive overview of the most renowned lawyers who receive the 2021 Lawyer of the Year award for their outstanding reputation in the market.
